Letter of Recommendation

To whom it may concern,

Naveen Chouhan interned virtually with Team Everest NGO as part of our 'Design a Game' activity from 16-Nov-2021 to 30-Nov-2021 .

He displayed excellent creativity and research and created 20 games. He has helped hundreds of children through his work for 'Design a Game' initiative as games he made will be used in our children's learning programs.

He was quick to learn the nuances and ethics required for the work. His association with us was very fruitful, and we give our strongest recommendation.

Please feel free to contact us if you need additional information or perspective.

Sincerely,
Team Everest

Founder & CEO
